CARMEN FUNEBRE  
Prudentij.

Jam mesta quiesce querela,

Lachrymas suspendite matres.

Nullus sua pignora plangat,

Mors hæc reparatio vite est.

Quid nam sibi saxa cavata,  
Quid pulcra volunt monumenta?

Res

Res, quod nisi creditur illis  
Non mortua, sed data somno.

Nam quod requiescere corpus,  
Vacuum sine mente, videmus,  
Spatium breue restat, ut alti  
Repetant collegia sensus.

Venient citò secula, cùm iam  
Socius calor ossa reuisat,  
Animataq; sanguine viuo,  
Habitacula pristina gestet.

Quæ pigra cadavera pridem,  
Tumulis putrefacta iacebant,  
Volucres rapiuntur in auras  
Animas comitata priores.

Sic semina sicca virescunt,  
Iam mortua, iamq; sepulta,  
Quæ reddita cespite ab imo,  
Veteres imitantur aristas.

Nunc

242 Nunc suscipe terra fovendum,  
Gremioq; hunc concipe molli,  
Hominis tibi membra sequestro;  
Generosa & fragmina credo.

Anima fuit domus olim;  
Factoris ab ore creata:  
Fervens habitavit in istis  
Sapientia, principe Christo.

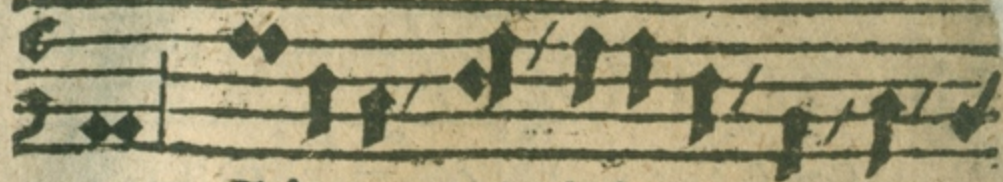

Tu depositum tege corpus,  
Non immemor ille requiret;  
Sua munera fidor & autor,  
Propriiq; anigmata vultus.

Veniant modo tempora iusta.  
Cum spem Deus impleat omnem;  
Reddas patefacta necesse est,  
Qualem tibi trado figuram.

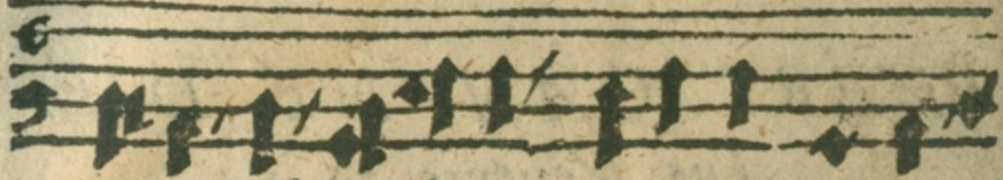

Pueri
